President's Note

It is really a matter of immense joy to know that Bastar Dharma Kshema Samiti (BDKS) is bringing out its annual report 2017-18. Since its establishment in 1977 under promising guidance of the Social Service Department of CMI Nirmal Province Jagdalpur, BDKS has been aiming at establishment of a righteous welfare society in the tribal land of Bastar. I do take this opportunity on the very outset to congratulate Rev. Fr. Tom Arackal CMI, Councilor for Social Service who is the Director of BDKS and his team for the manifold works and initiatives they have been undertaking towards the realization of the objective of the society and thus to bring about a sustainable development for the poor and marginalized tribal population of Bastar.

Every society undergoes a change in the course of time and it is bound to happen. Today this change is very rapid as the societies are exposed due to globalization, communications, transportations and such other factors. Same is the case with the society of the tribals in Bastar who are the focal point of activities of BDKS. The social change which has affected the people of Bastar has in the course of time affected their culture, pattern of behaviour, social relations and social institutions etc. Either such changes happen automatically due to the above mentioned factors which are being active in other parts of the country or the change can be brought about by educating and preparing the people for such a change. In the latter case changes become a cause of balanced and proper development of the society and the members of the society benefit from it.

BDKS through its various social activities and initiatives prepare to help the society in Bastar for a positive change leading to development. Therefore it initiates programme for enhancing and facilitating better education, creating awareness among the people for the need to have a positive change in their life. Collaborating with government to run a POTA Cabin School at Palnar for the naxal affected children, Bal Panchayat or Children's Parliament to create a social and civic sense among the children for a better society, Houses for the houseless, Skill development programme for the tribal youth of Bastar etc., are such initiatives envisaged by BDKS towards the realization of this goal of giving orientation to the people for a better change.

Let me wish the society every success for all such initiatives and wish them best wishes to undertake more creative and innovative programme so that the tribal population in Bastar finds a new hope for their future.

Fr. Josey Thamarassery CMI

Provincial & President BDKS

From the Desk of Executive Director

It gives me immense joy to present this Annual Report of Bastar Dharma Kshema Samiti which depicts the activities and functioning of the Organization.

The prime Mission of BDKS to provide quality education to the down trodden illiterate children is going on in its full swim by running the Gurukul POTA Cabin Residential School at Palnar, a left wing affected area of Dantewada, in collaboration with Rajiv Gandhi Sarva Siksha Abhiyan and Nirmal Province Jagdalpur.

Under the livelihood mission, the skill development program, supported by the Ministry of Rural Development (MoRD) in collaboration with Don Bosco Tech. New Delhi is providing ample job opportunities to the school dropout youth in Sonarpal and Pakanjur area.

The augmentation of BDKS has reached its heights as it spreads its hands to almost all development sectors. It is still contributing the establishment of CBOs, SHGs, Bal Panchayat, Youth and farmers Club, Agriculture Interventions, Livelihood and skill development, Formal and Non- formal education, Health care etc.

All the efforts are successful only because of your cooperation and good will. First of all I bow my head towards the Almighty God for enlightening the team all through the way. I am very much thankful to the Rev. Fr. Provincial and all the councilors for their whole hearted support and encouragement. I remember Fr. Varghese Vithayathil, General Councilor for social Apostolate, for his generous support and financial help through CEVA. All the consultants of BDKS owe special thanks for their advice and timely support. I am grateful to CEOs of different NGOs in Chhattisgarh, Kindermissionwerk, Die sternsinger, Aachen, Germany, for continues support to the BDKS. I am also indebted to all my staff and beneficiaries who are the back born of BDKS. With Thanks to all of you I submit this Annual Report for further enhancement and collaboration to achieve the new heights in the service of needy people of this country.

Fr. Tom Thomas Arackal CMI

Director, BDKS and Councilor for Social Apostolate

Brief History of Organization

Nirmal Province Jagdalpur

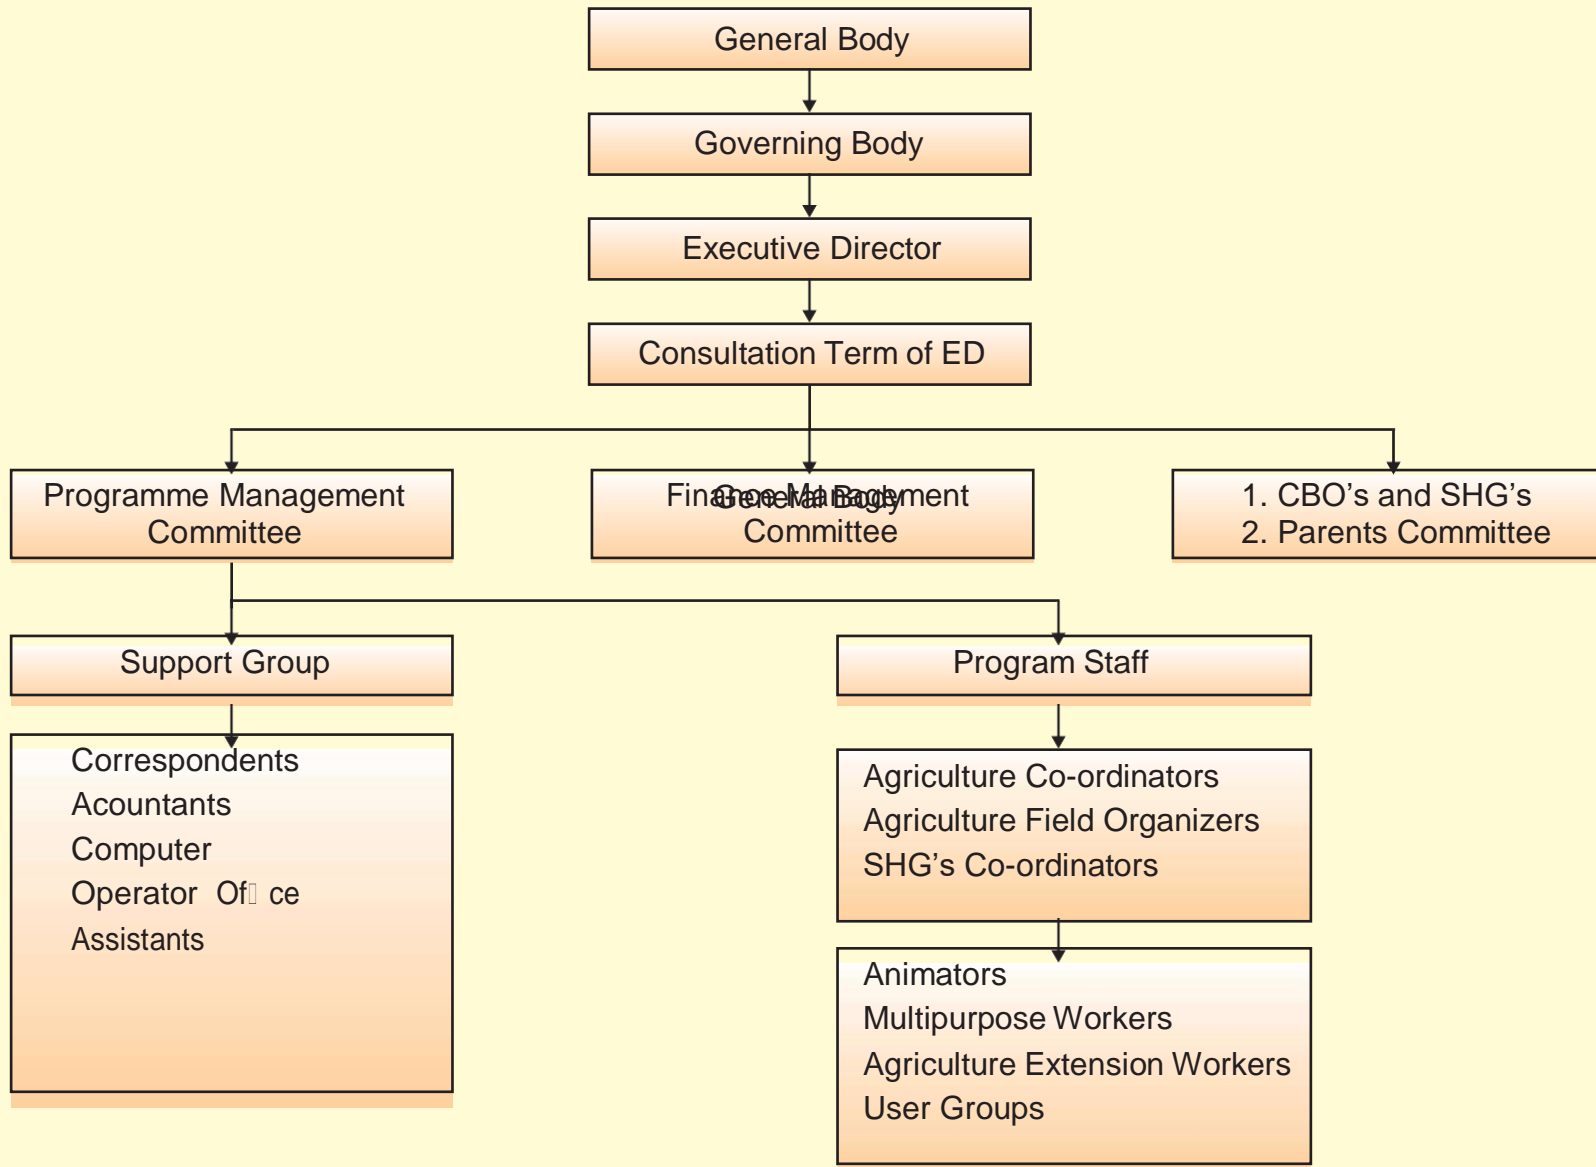

The Nirmal Province Jagdalpur belongs to the Congregation of the Carmelites of Mary Immaculate. It has a membership of 90 Priests working in different centres in Bastar as well as in the neighbouring districts of Chhattisgarh state in India. The CMI priests are actively involved in various developmental activities in this state and particularly in Bastar division.

A world of inconveniences, suffering and corruption in front of the pioneers challenged them to work round the clock for improvement of the situations. The society is involved in the manifold activities and conduct formal and non-formal education promotion programs, health programmes, study of cultures and scriptures, agricultural training, social empowerment and upliftment, financial self-sufficiency promotion, etc.

Bastar Dharma Kshema Samiti was established in the year of 1977 by CMI (Carmelites of Mary Immaculate) fathers of Nirmal Province Jagdalpur, the first indigenous Congregation of the Catholic Church in India. Looking into the plight of poor tribal of the area BDKS set to work for the marginalized especially tribal of Chhattisgarh. It is registered under society registration act 1973 at Bhopal having registration number 5565 dated 16-06-1977. It has both FCRA no.327470010 and 12 (A). After 38 years of organization's life, members of the organization made an attempt to revisit the status and outlook of it.

The other wings of Nirmal Province are Bastar Integrated Rural Development Samiti (BIRDS) which is dealing with health aspects in Bastar region, Bastar Rachna Samiti (BRS) is working in Agro-technology and Christian Education Foundation of India (CEFI) is functioning on basic and elementary Education. Bastar Dharma Kshema Samiti (BDKS) is widely serving the weaker sections of the society in formal and informal Education and Social Work activities. BDKS is running Gurukul Residential Girl's School, Palnar Dist-Dantewada and Bal panchayat the non-formal education centres in Bakawand block. BDKS is also working for the poor household specially supporting for higher education for poor students and housing construction

PROJECT COVERAGE AREA

ON GOING ACTIVITIES OF BDKS

A. Academic Sector

I. Empowering through Education-Bal Panchayat

Bal Panchayat is the programme which enhances the overall development of children with specific and quality activities. Bastar Dharma Kshema Samiti has taken initiatives to form bal panchayat in 19 panchayats of 3 blocks. This Programme is funded by the Kindermissionwerk Germany. Bal Panchayat is like the village panchayat where the students themselves manage the activities of the school in friendly nature. It leads to high esteem of self motivation among them. This year 1931 numbers of children benefited by bal panchayat programme. The multiple activities which enhanced the developmental foundation of children are given below.

Activities of Bal Panchayat implemented current year

1	Formation and strengthening of Bal-Panchayat	The programme is initiated in 3 sub-centres Karpawand, Jagdalpur and Sonarpal. 36 numbers of Balpanchayat formed and strengthened. The total 36 nos. of school's adopted with the strength of 1931. 19 Panchayats of 3 blocks are directly benefited by this programme. This is the stepping stone for the developing leadership quality around the surrounding with peer group activity.
2	School Entrance Fest and Rally	It helps in attraction and inspiration towards the school.
3	3.Bridge course for school drop out	This is the course which gives special care for the drop out to bring them in the main stream of the learning. 54 of children have been main stream.
4	Awareness generation through rally and door –door consultancy	The area is not developed therefore the students and the staffs aware the villager about value of education. The door to door consultancy is required when the child not willing to go to the school.
5	Tuition Class	
6	Meetings with school teachers and Panchayat leaders	There are 36 tuition centres. It helps in cope up with the syllabus of the school. It is very much fruitful for all the students and staffs of the school.
7	Reading improvement program	This activity is fills the gap between the students and teacher, teacher and tuition teacher, BDKS and panchayat leader. It means to understand the each other, so that in between no issues to be aroused in learning process of the child.
8	Animaters &Teacher's training	Reading is another important part of learning. This year 846 of children learned to read by this program.
9	Bal panchayat leaders' Training	The requirement of training programme is to upgrade the knowledge level of the animaters & teachers and discuss about the better teaching techniques. All the staffs of bal panchayat teachers and animaters were participated. The resource person was Mr. Manbodh.
10	Celebration of teachers day, children's day, Christmas Day and New year day celebration	The training is conducted to refresh the bal panchayat leaders with their roles and responsibilities. New ideas are revealed to them to be actively bring some developmental changes in the school premises. 108 bal panchayat leaders 36 tuition teachers and 2 animaters participated in the programme.
		The observations of these days bring the students great enthusiasm and bring happy moments. It also let the students know about the different observation and festive occasion and purpose of celebration.

11	Summer camps, picnic day and holiday program for the Bal panchayat members:	To keep in touch with the children in summer vacation the programmes are organized. They had gone to Vimal Vidya ashram Mariguda campus on 25 th May, 135 of participants.
12	Cluster level schools students' Meet	The cluster level schools students' meet is held to interact with the students of different schools to know about their different activities and many more. We had 3 cluster levels meet.
13	Sports and cultural competition	The sports and cultural competition helps the students to create competitive mood in all the spear of life. It helps to be physically □t always.
14	Eco Friendly activity: plantation	The children of bal panchayat had taken initiative to plant trees beside their school.

The overall outcomes of the Bal Panchayat programme

- ◆ 19 panchayat, 36 schools covered with total strengths 1931
- ◆ Leadership quality developed
- ◆ Public speaking quality enhanced
- ◆ Free tuition class for all children
- ◆ More care and guidance to weaker students
- ◆ Regularity and sincerity in the school is observed
- ◆ They are regularized by their own panchayat
- ◆ The developmental task like proper dress code, physical cleanliness and environmental cleanliness
- ◆ Drop out reduction by 99%
- ◆ Self awareness and community awareness programme conducted by act play or slogans with Rally.
- ◆ Growing interest towards the school
- ◆ Peer monitoring and supporting
- ◆ Bal panchayat meeting helped them to plan, organise, act, lead, motivate, participate etc.

i. Gurukul Residential School, Palnar

Gurukul Girl's Residential School, (POTA Cabin) Palnar is the one of the most interior situated English medium CBSE pattern schools in Dantewada district. The school is located in 40 KM ahead from the District of Dantewada. The region is very sensitive by the anti social activist. In this backward and marginalized area the students residing and studying from far \square ung area. The school is an English medium school from standard 1st to 5th and from 6th to 8th Hindi Medium. The Class is gradually increase by one standard to higher class. The various literary, sports and cultural activities of the school makes the inmates feel at home. All the necessary requirements are provided by the institution. In this Academic session there are 500 students and 17 teachers & 18 non teaching staffs serving the institution. The dedicated staffs are rigorously working hard to bring change in children of Left Wing Affected (LWA) area of Bastar Division. The school is well equipped by all the facilities. The atmosphere is more suitable for the students.

The Facilities provided in GGRS Palnar are -

- Residential for all
- Extra coaching class after the class
- Life skill techniques taught
- Nutritious food
- All requirements catered
- Good environment for study
- Focus on each individual students
- Laundry system
- Well furnished building with accommodation
- Pick up and drop down during the vacancies Activities literary, sports and cultural

Livelihood Enhancement and Skill Development Programs in Bastar Region

The skill development programme is supported by the Ministry of rural development in collaboration with Don Bosco Technology (DB Tech.) New Delhi. The programme trained 120 numbers in 2 batches of unemployed youth in trades like electrical, automobile, sales & marketing and security guard. It helps the youths to develop their skills in service sector to get the job for their livelihood. This programme leads the nation in reduction of unemployment ratio of youth in the country. The courses trades are mentioned:

1. Sales and Marketing
2. Automobile
3. Security
4. Electrical
5. Bed Side Nurse

Computer and Tailoring Training

St. Thomas House, Kapsi, Prerana Sadan, Karpawand and Social Development Training Centre, Sonarpal were providing both Computer and Tailoring Training program for the tribal youth especially girls. Through this training 264 youth were trained in Computer Program in the three districts of Bastar Division such as Bastar, Kanker and Dantewada and in Tailoring 60 youth girls were trained in Bastar and Kanker Districts. FVTRS support was really good in Kapsi, Kanker District.

Nirmal Technical Training Institute, Boudhghat

The Skill Development Programme in Nirmal Technical Training Institute has been able to train several youths in different trades. The trade like carpentry, welding and printing is running. The unemployed youths get trained and earn their livelihood in their own residing area.

Nirmal Tailoring Training Centre, Karpawand.

The tailoring programme has brought changes in the lives of poor household. In this training programme 60 girls and women have been trained in 2 batch. They are now able to earn for their family residing in the home. They are able to manage house work as well as the tailoring. They extend thanks to BDKS that it enlightened the mind and empowered them.

SUCCESS STORIES

“Beauty lies in the eyes of beholder.”

When the school was taken by Nirmal Province as parental guide, it was very challenges for all. The geographical location is about 40 Km away from the Dantewada district headquarter. The majority of the population belongs to tribals. The interior poor tribals only know their own dialects. They are limited to their tribal dialect only. It was dif^{erent} cult to talk with the children and also with the parents. Whenever, ask questions the pupil were nodding their heads or gesturing by their hands, so dif^{erent} cult to understand them. They were unable to reply though they understand Hindi language. Since they were unable to reply they were using the indications. In the cultural programme also they used to dance only on gondi or halwi (local dialect) song with their traditional type of dance form. The dressing pattern was very pitiable and unhealthy. They too were also not aware about health and hygiene. The students were getting sick very often. When ever the festive occasions come the parent's of the child take home, after a month the child returns to attend the class. The Management was unable to implement the effective strict rules and regulations. The use of Gudakhu was common for all. They were always afraid of the police force. They were unable to read or write neither in Hindi nor English. The graph of each individually calculation were in red position. The changes have been gradually made by the students and parents.

The world is something different than what it was...Palnar Ek Kadam Pragati ki Aur-

The major unbelievable changes today that you can ^{find} in them. Today's Status of the inmates of the Gurukul Residential School, Palnar, it is something different you will ^{find} than before. It is a drastic change in their mental attitudes, physical and spiritual transformation within 3 years. They can speak Hindi properly and their parents too. Some of the students are now able to speak in English. When ever the cultural programme conducted they are able to address the guests in English. In the ^{field} of cultural aspects they can perform semi classical, folk and other types of dance forms. They have enriched their learning's. They are quite neat and clean. Most of the girl's are well known about their health and hygiene. Many changes have been burst out of the pupil. When one looks 3 years back and compare with today's situation it is unexpected changes have been cultivated. In the spear of education they are able to speak simple Basic English among themselves. The area was deserted but today you can see many trees, ^{flowers}, plantations and vegetables in the school premises. The desert land has become fertile land and producing good food grains for all. They are very free and frank especially when the visitors ask

meet with them. The fear has disappeared. Lastly, the efforts made by Nirmal Province with BDKS, all the management team, teaching and non-teaching staffs with the children is highly appreciated by all.

In one of the speeches, the Gram Panchayat Palnar, Sarpanch Mr. Shukalu Mudami said-“This is the school where the queue is waiting for the Admission. The whole district is appreciating the management team and the school”. We are proud to get such staffs with management.

A. A Glance to BIRDS Activities

Health and Sanitation-

Prevention is better than Cure. In this region the health and sanitation campaign is being made to make aware about the different issues of precaution and treatment. Mainly in this activity the focus group is community as a whole where the focus is given on cleanliness of surroundings and the public places, on the other hand, the adolescent girls and women are given awareness programmes related to their health. The children of our operational areas are also taught about health and sanitation like- cleanliness, environment, washing hands; all these small tips are suggested to practice in their home.

HIV/AIDS -

HIV/AIDS is very rapidly spreading in India. It is the third prone country where the safety of people is being insolvent. The people may have heard about the term HIV/AIDS but do not know its destruction? We have conducted HIV/AIDS awareness programmes in Sonarpal for tuition teachers, Skill development Trainees, and community people. Self awareness is the Best awareness to Stop.

Eye Hospital -

Eye care Hospital is run by BIRDS. This year 5857 numbers of patients have been treated and 335 cataract surgeries had been successfully done. The hospital is also conducting free eye check up camps in different areas near and around Jagalpur, Bastar, Dantewada, Kondagaon etc. By this facility 181 poor patients have been freely served and 686 subsidy patients benefited. It is also conducted eye test camps in schools in the remote area.

Asha Ashram, Parpa -

This is the ashram where differently able children are kept and taken care. All the basic needs of the children are provided by the organization.

Fr. Kurian is in charge of the ashram. There are 23 inmates residing in the ashram.

Other Contributions of BDKS

Beside the project undertaken for the development of weaker and marginal community, BDKS is also providing its contribution to serve the poor in other sectors too. The following are the live examples-

Safe Shelter for the Poor

BDKS has supported the poor families to fulfill their dream of having a decent house. The society has taken this initiative by looking at the poor condition of the people and financially supported to 7 households to build their houses this year.

Education support

BDKS is financially helping the poor students who are doing professional course in various places. This year organisation is taking care of 15 students. The aim of the organization is to bring up the talented youth to the main stream of the society. This activity is co-supported by the Nirmal province and BDKS.

Medical Camp

The medical camp is held in every 3 months for the inmates of Gurukul Residential School, Palnar and in various schools and every Saturday camps are organized in Bastar region especially for the poor tribal who are unaware of for the need of health care.
